

PINOT NOIR

KICK ON RANCH

SANTA BARBARA COUNTY

Description

After getting through a lacquer of pretty lilac aromas there's an arrogantly macho quality to this wine, with pipe tobacco, dusty leather, and sagebrush all popping up in the mix. At first the palate is all earth and mushroomy umami, air brings out candied red fruits and pomegranate with nervy persistence. We also decided to give this wine a few more days on its skins, which brought that feel of virility full circle with some good tannic grip.
