

SYRAH

JOHN SEBASTIANO
STA. RITA HILLS

Description

There's always an exotic aroma to our syrah from these windswept slopes, and this is so vivid it takes one's mind to distant Baroque cathedrals laced with incense smoke. That, five spice, bay leaf and purse leather aromas all dominate, and on the palate there's those vibrant dark red fruits and powdery fine tannins that are becoming a JSV signature. evolve gracefully on its density of flavor.
